### Dimensions in Inches

#### NOTES:

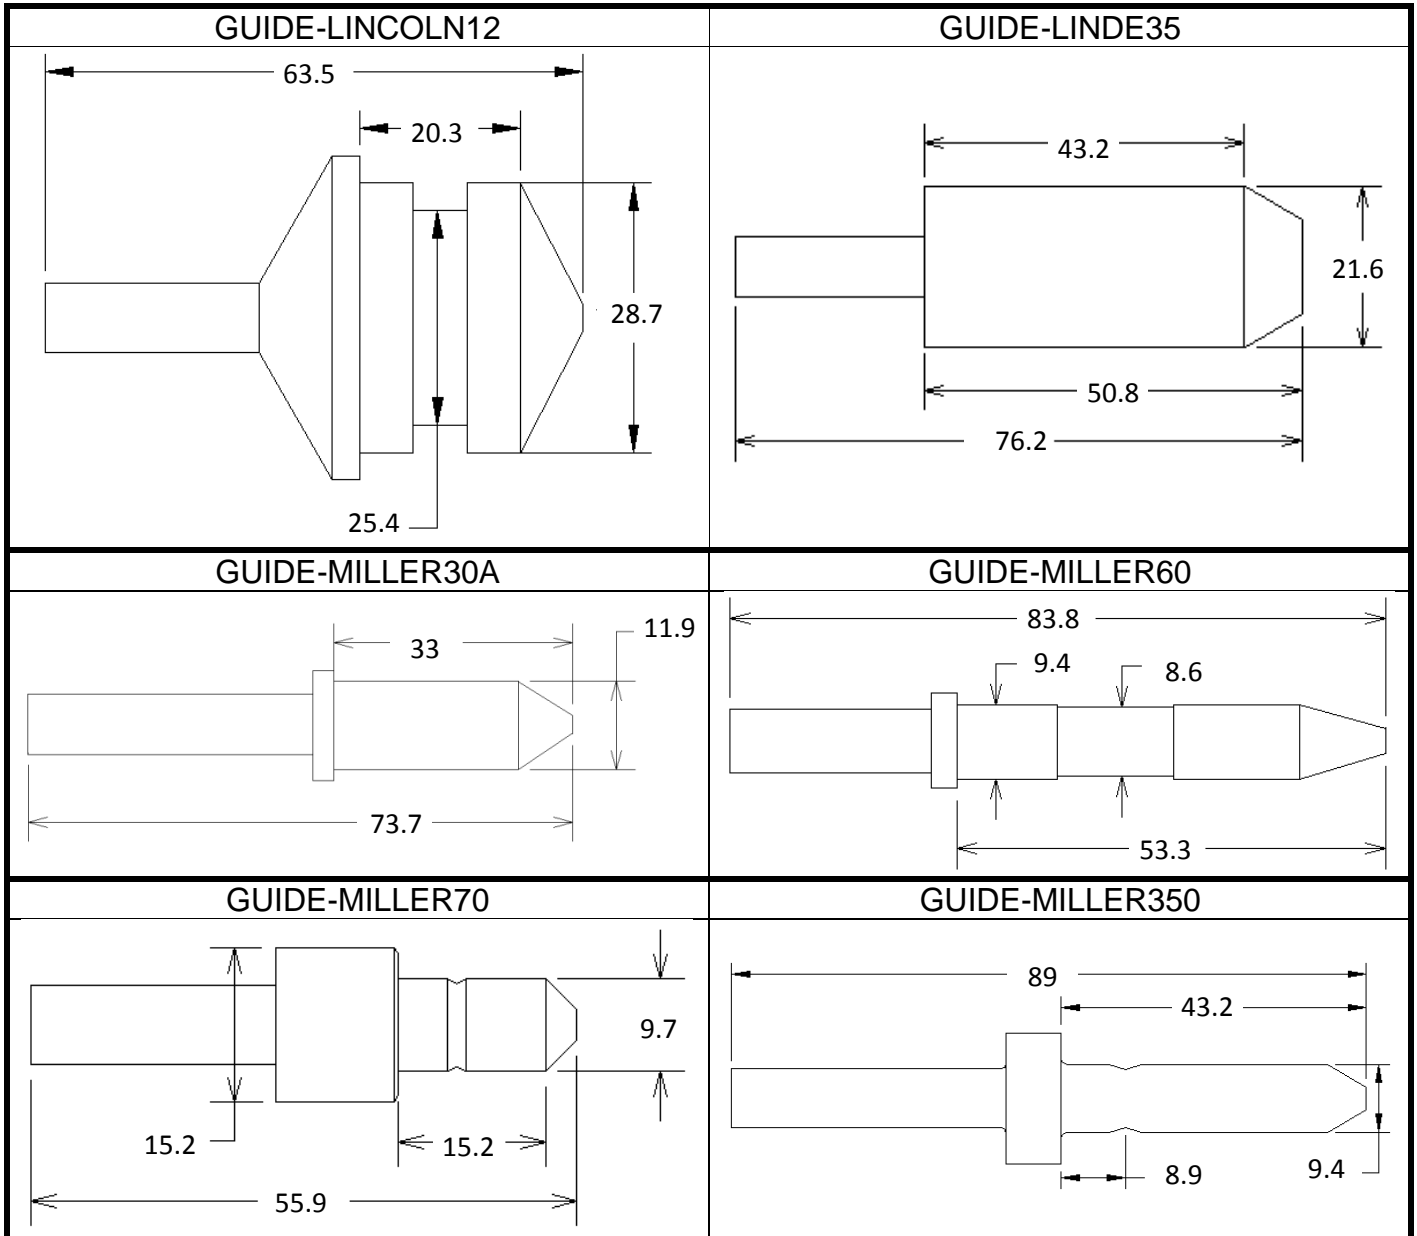

- 1) GUIDE-ARISTO is no longer an available part. You can either use the AristoRobot guide or simply run the conduit into the back of the drive stand on the ESAB feeders.
- 2) Please note that the Lincoln12 is only 1/8" smaller in diameter. You can simply modify one of the old Lincolns in a pinch.
- 3) Please provide detailed dimensions if a new guide is needed. Required dimensions are:
